

Community Supported Agriculture

Bell Organic Gardens of Draper has been providing the Salt Lake area with fresh, local produce for 10 years. We are happy to continue to grow our partnership with this community by offering CSA shares to families and individuals who share our strong belief in the importance of locally produced, organically grown fruits and veggies. Our website providing all the details and printable forms will be up and running by the end of March 2008 at www.bellorganic.com. In the meantime, please feel free to contact us via email at dbell29@msn.com or via phone at [571-7288](tel:571-7288). What we will be offering:
